

## THE GREAT BARRIER REEF

The Great Barrier Reef is one of the world's seven natural wonders, known for its outstanding and breathtaking beauty and for being the largest coral reef system on Earth. Stretching over 2,300 kilometers and made out of around 2,900 individual reefs, it's a must-see destination! People can encounter many and various ranges of marine life, from schools of tropical fish to vibrant coral gardens. Dolphins, sharks, and, if you're lucky, even whales!

## QUEENSLAND

Ever had extra time on your hands and wanted to take a vacation? Well, a great place to start is Queensland. Queensland is located in Australia and is a great place to visit one day because they have activities for anybody to enjoy. Whether you're into adventures or cultures and even if you're a solo or family traveler, there's always something for you to look at and enjoy. The climate there is perfect and it's always warm there even in winter because it's located near the equator.
